

28th October 2025

USD CIVIL ENGINEERING MATERIALS PRICE INDEX SEPTEMBER 2025 (JAN 2023=100)

USD Civil Engineering Material Price Index

The USD Civil Engineering Material Price Index (CEMPI) was **94.70** in September 2025 and **94.70** in August 2025.

Month-on-month Rate of Change

The month-on-month rate of change in September 2025 was 0.0 percent, remaining constant on the August 2025 rate of **0.0** percent.

This means that prices as measured by the all-items USD Civil Engineering Material Price Index (CEMPI), remained constant on average from August 2025 to September 2025.

The month-on-month rate of change is given by the percentage change in the index of the reference month compared with the index of the previous month.

The products that did not contribute significantly to the increase or decrease of the month-on-month rate of change in September were asbestos pipes, deformed steel, crushed stone, sluice valves, diesel, concrete pipes, joint compound, steel pipes, river sand and cement.

Year-on-Year Rate of Change

The year-on-year rate of change for the USD Civil Engineering Material Price Index (CEMPI) was **-1.1** percent in September 2025. This means that prices as measured by the all-items USD Civil Engineering Material Price Index (CEMPI), decreased at an average of **1.1** percent from September 2024 to September 2025.

The year-on-year rate of change is given by the percentage change in the index of the reference month of the current year compared with the index of the same month in the previous year.

Methodology

The USD Civil Engineering Material Price Index (CEMPI) is obtained by measuring price changes of goods in USD.
