The year-on-year rate of change is given by the percentage change in the index of the reference month of the current year compared with the index of the same month in the previous year.

Methodology

In April 2024, Zimbabwe introduced the Zimbabwe Gold (ZWG) currency. Therefore, the index reference for the Producer Price Index for the ZWG currency is April 2024. The month-on-month inflation rate for the ZWG currency will be computed starting in May 2024 and going forward. The year-on-year inflation rate will be computed in April 2025 and going forward according to the international recommended methods.
